The screenshot shows the 'Visit history' page of a LoungeKey account. At the top, there are three tabs: 'My account', 'Profile', and 'Visit history', with the latter being the active tab. The main heading is 'Visit history'. Below it, a prompt asks the user to 'Please enter your credit card number' and explains that the history is linked to the current card. A text input field contains the word 'required'. Below this, another prompt asks for the 'full payment card number' with an asterisk, and a text input field is provided. A note specifies that this is the long number on the front of the card and that spaces should not be included. The 'Expiry date' is requested with two dropdown menus for 'Month' and 'Year'. A 'Captcha' section shows a distorted image of the characters 'A8H6XH' with a text input field below it. A green 'Continue' button is positioned below the captcha. At the bottom, a red circle highlights the text 'Having problems finding your history, please [contact us.](#)'.
